

Keep the supplied silver, pearl, and navy identity; bring the gold accent forward.

WEBSITE

- Averion board direction with a stronger champagne-gold signature.
- Gold is used for calls to action, focus states, data traces, and key moments.
- The app keeps a bright working surface and dark navy navigation spine.

PALETTE

Original blue, new design

Use the same redesign, logo treatment, layout, and font with the current blue palette.

DESIGN NOTES

- Returns to the original CovePM website layout and Georgia headline style.
- The original blue, cyan, and green colors stay in place.
- The product wordmark changes to **Averion Compass**; **Averion Software** remains the parent.
